Rear-end Collision.

There was a rear-end collision between two north bound freight trains at Weyburn, between Somerset and Barhour ville, on the Charlottesville and Rapidan division of the Southern Ratiway about 3 o'clock this morning. Train No. 72, a double header, had stopped at Weyburn when the second section came along and ran into it. The engine of the calliding team was seriously dimaged and several cars of No. 72 demolished. Probable Murder.

The authorities of Alexandria county believe that Fred Mills, a negro who was found dead on the line of the Old Dominion electric railroad, near Rosslyn, Monday night, with his skull crushed and a stab wound in his neck, was the victim of foul play. Acting on this theory they are endeavoring to identify the murderer. While the coroner's jury at the inquest Wednesday released the two negroes under arrest on suspicion of having killed Miles, the jurors expressed the belief that Miles met death by violence, and this has caused the authori-ties to redouble their efforts to learn the identity of the persons responsible for the negro's death.
